Wild Racers follows the brutal and dramatic journey of the AR World Series, the most grueling form of adventure racing.

This high-adrenaline series visits New Zealand, Tasmania, Costa Rica, Ecuador, South Africa, and Switzerland. In this level of adventure racing there are no second chances, no support crews, and nowhere to go but the finish line. It is thousands of miles of hard-core mountain biking, kayaking, hiking, running, and logistical challenges.

Experience the training, racing, lives, and drama of the world's elite. With teams from the UK, USA, South Africa, New Zealand, and Australia, the toughest individuals on the planet go head-to-head against each other and all that nature can dish up (and rain down).
