BUS

Ludo, Gabriele, Saluci and Daniel are four friends on a trip to Sri Lanka. They are filmmakers, photographers and social media influencers. Travelling is their job. This journey, however, turns out to be the special one.

They come across a tiny village in the heart of Sri Lanka that is lived by the victims of domestic abuse. The group decides to collect money and gift the villagers a bus for their children to go to school. They call it a mini magic bus.

Before delivering the bus, they take a tour around the island nation. It is a journey full of memorable encounters --- some hilarious and some embarrassing!
